

## **Confidence Group introduces new tools for working with clients and starts [promotions for the most demanded services](#)**

Our team keeps up with the times and modern technology!

We want to make interaction with our colleagues and partners the most convenient. That's why we inform you in a timely manner about changes in migration legislation, develop loyalty programs and apply a flexible approach to pricing.

A month ago we launched a new and **user-friendly website**. It helps our customers to register for events **automatically**.

The **search module** allows you to quickly find the information you need in the [News Agency](#) and [Service Catalog](#) sections. Soon the site will have an **Official Requests and Responses section**, in which we will post useful information about conflicts in migration law and real case studies of communicating with public services representatives.

For your convenience, you can contact us through all kinds of **feedback forms** on the site, as well as WhatsApp for Business – we are always ready to answer questions in the area of our expertise.

You can also meet our employees face-to-face! From the [Employees](#) section, you can send a personal message to any Confidence Group specialist.

We hope you have noticed that our **mailing lists** are not only informative now, but also visually pleasing, more modern, and beautifully designed! And in the near future we will hold new **thematic events** on one of the specialized platforms for webinars and conferences.

### **And the most important thing.**

Considering the current realities and your feedback, [we have reduced the cost of basic services](#):

- documentary and physical support for [registration of foreign HQS](#)
- obtaining a [temporary residence permit in Russia](#)
